DATE: 04/01/2020

Assistant City Manager/Public Works Director Gary Clough announced today that the Spring Mulch Giveaways, originally scheduled for April 25, May 2, and May 9, 2020 have been cancelled. Reduced staffing levels and minimum inventory levels at the city's compost facility have necessitated the cancellation. Clough shared, "We definitely don't have as much material as we typically do at the facility, so we're cancelling the spring event, but will plan to hold the annual fall event again this year."
