CITY OF SIDNEY

City of Sidney Pool Permit Application Checklist:

- Completed permit application
- Site plan drawn to scale showing property lines and all existing and proposed structures.
- Landlord Acknowledgement Form, if applicable.
- Detail of fence, if applicable.
- Cash, check, or money order payment accepted.
- CHECKLIST MUST BE SUBMITTED WITH PERMIT APPLICATION.**

Staff does not verify compliance with DP&L requirements. Owner/resident is advised to call DP&L prior to installation of any pool.

Call OUPS @ #1-800-362-2764 for underground utility locations.

SUMMARY OF REGULATIONS*

POOL, STORABLE WITH PUMP

- ❖ Landlord Acknowledgement Form from owner of property allowing a pool (includes land contract) if not owner-occupied.
- ❖ Must be disassembled and stored inside from October 15 through April 15.
- ❖ Requires a permit (\$10.00).
- ❖ Site plan drawn to scale, showing location of pool on property.
- ❖ Cannot be placed in front yard as defined by the Zoning Code.
- ❖ Requires permanently installed receptacle as per Article 680 of the 2011 National Electric Code.
- ❖ Surface of water cannot be closer than 22.5' from overhead electric lines or 5' from underground wires.

POOL PERMANENT

- ❖ Landlord Acknowledgement Form from owner of property allowing pool (includes land contract) if not owner occupied.
- ❖ Must be in rear yard as defined in the Zoning Code.
- ❖ Requires permit (\$25.00 above-ground/\$100.00 in-ground).
- ❖ Site plan drawn to scale showing location of pool, all structures with dimensions noted, dimensions of property, and location of required fence.
- ❖ Must have barrier (fence) at least 48" tall or may use above-ground pool sides (plus extensions if necessary) to meet 48" minimum height.
- ❖ No openings in barrier (fence) greater than 4". Must provide drawing detail of section of fencing with dimensions.
- ❖ All electric requirements of Article 680 of the 2011 National Electric Code.
- ❖ Surface of water cannot be closer than 22.5' from overhead electric lines or 5' from underground wires.

*Summary only. Complete ordinances available at www.SidneyOH.com.

INSPECTION IS REQUIRED: CALL 937-498-8130 OR 937-498-8132 TO SCHEDULE.

City of Sidney

PRIVATE SWIMMING POOL REGULATIONS

Per Section 1103.951 of the City's Codified Ordinances, a PRIVATE POOL is any manufactured or engineered (not natural) body of water used for swimming or wading. This includes in-ground pools, above-ground pools, and storable pools.

DO YOU NEED A PERMIT FOR YOUR POOL?

- IS YOUR POOL A PERMANENT IN-GROUND OR ABOVE-GROUND POOL WITH A POTENTIAL WATER DEPTH OF GREATER THAN 42 INCHES (3-1/2 FEET)? IF YES, THEN YOU NEED A PERMIT.
- IS YOUR POOL A STORABLE POOL OF ANY TYPE WITH A POTENTIAL WATER DEPTH OF 42" (3-1/2 FEET) OR LESS? YOU MAY NEED A PERMIT, CONTINUE TO THE NEXT QUESTION.
- DO YOU HAVE AN ELECTRIC PUMP THAT YOU WILL BE USING FOR WATER CIRCULATION OR FILTRATION? IF YES, THEN YOU WILL NEED A PERMIT.

*****PLEASE NOTE: IF YOU HAVE, OR PLAN TO GET A STORABLE POOL THAT COMES WITH AN ELECTRIC PUMP, BUT YOU DO NOT PLAN TO USE THE PUMP, PLEASE BE AWARE OF THE FOLLOWING:***

- YOU ARE REQUIRED TO KEEP ANY WATER IN YOUR POOL CLEAN AT ALL TIMES.
- THE PUMP MAY NOT BE PLACED OUTSIDE OR ANYWHERE IN THE VICINITY OF THE POOL AND THE POOL MUST BE ARRANGED SUCH THAT NO PUMP HOOK-UP IS POSSIBLE.

IF YOU WILL NEED A PERMIT FOR YOUR POOL, PLEASE COMPLETE THE POOL CHECKLIST ON THE REVERSE AND RETURN IT WITH YOUR COMPLETED PERMIT APPLICATION. **THE CHECKLIST MUST BE SUBMITTED WITH THE APPLICATION.**

TYPE OF POOLS AS DEFINED IN THE SIDNEY CODIFIED ORDINANCES

POOL, PERMANENTLY INSTALLED

"Pool Permanently installed" means any private pool that is constructed in the ground, or partially in the ground, and all others capable of holding water in a depth greater than 42 inches, and all pools installed inside of a building, regardless of water depth, whether or not served by electrical circuits of any nature.

POOL, STORABLE

"Pool, storable" means any private pool that is constructed on or above the ground and is capable of holding water to a maximum depth of 42 inches, or a pool with nonmetallic, molded polymeric walls or inflatable fabric walls regardless of dimension.

- 1) **Footer**-before pour, all bar in place if required
- 2) **Bonding**-all metal components bonded, equipotential grid in place, potting compound installed on all connections
- 3) **Trench**-all trenches dug to proper depth, wire & pipe in place, pedestals in place
- 4) **Final**-all work complete, all electric on, fence surrounding pool complete

If you have any questions, please contact the Building Inspection Department at 498-8132.

NOTICE OF REQUIRED INSPECTIONS

The following inspections are required! All work covered without inspection will be uncovered and shown to comply with the approved plans and all applicable codes at owner/contractor expense and at the discretion of the City.

NEW ROOM ADDITION, SINGLE, TWO, OR THREE FAMILY HOME

1. Temporary Electric Service: Once set.
2. Setbacks: All builders must locate and show all property pins prior to excavation for inspection purposes to determine that all zoning setbacks have been met.
3. Footers, piers, column pads, grade beams, etc: Before pouring, forms in place. Steel may be required depending upon soil conditions.
4. Poured Foundation: When forms are set and steel is tied in place. Monolithic slab/foundations: When granular fill, perimeter insulation and vapor barrier are in place and ready to pour.
5. Foundation/Drain Tile/Water-Damp Proofing: After Foundation is constructed, water-damp proofing applies, drain tile installed, before backfilling.
6. Slab: After first rough plumbing inspection and the granular fill and vapor barrier are in place.
7. Floor Sheathing Nail Pattern: After sub-floors are constructed.
8. Electric Rough Inspection: Before framing inspection and prior to insulation being installed.
9. Framing Inspection: After plumbing and rough electrical inspections, and prior to insulation being installed, rough HVAC and fireplace, if ready.
10. Insulation Inspection: After insulation is installed.
11. Gas line pressure test
12. Drywall Inspection: After drywall is hung, but before taping and mudding.
13. Service Hook-up: Left up to builder with the exception that the panel board is in place and circuit breaker installed. Needed for final electrical inspection.
14. Final Electric: Before final inspection.
15. Temporary Occupancy: All life safety items complete-at the discretion of the building inspector when weather or other reasons do not allow completion of lawn and/or sidewalks.
16. Final Inspection: Before occupancy.

If you have any questions, please contact the Building Inspection Department at 498-8132

What paperwork is required to apply for a fence permit?

- 1) The fence permit application
- 2) A simple site plan, drawn to scale, showing the proposed fence location in relationship to property lines, streets, buildings and structures located on the property. A sample site plan is illustrated below.

What are the location and height requirements for fences? Fences can be erected anywhere on a property, as long as they don't encroach onto neighboring properties. Generally, fences erected in front yards can be up to 42" (3 feet 6 inches) in height and must be "open" – no solid privacy fences. Fences erected in side and rear yards can be up to seven feet (7') in height. There are special height restrictions for some corner lot properties (refer these questions to Community Development Department staff).

What does one-sided or two-sided fence mean? A one-sided fence has the panel mounted on one side of the support posts so that the posts are visible from one side, but covered by the fence panel on the other. If one-sided, the fence must be constructed so that the structure side is on the inside, towards the property on which the fence is built. A two-sided fence looks identical on both sides – either the fence panels cover both sides of the posts, or the fence panel is mounted between posts, so that the posts are visible from both sides equally.

How do I get a simple site plan of my property? The property owner may have received a mortgage survey or similar plan when the house was purchased. The fence location can be drawn on a photocopy of this plan. If no site plan is readily available, the Community Development Department staff can assist with obtaining a site plan / aerial photo of the property through the City's GIS (Geographic Information System)

I don't know where my or my neighbor's property lines are located; can the City visit my property and find them? No, sorry, only a commercial registered surveyor can physically locate property lines. Surveyors can be found in any Yellow Pages under "Surveyors – Land".

What are the approved materials for a fence? Wood, limited to cedar, redwood, southern pine, teak, ipe, or other similar wood species naturally resistant to decay or insects or treated with a preservative to effect a resistance of such; Vinyl or wood-vinyl composite; Ornamental wrought iron, steel, or aluminum; Stone or brick; Chain link; Welded wire if used as backing on a split rail, or open fence type; Hedges or; Other materials determined by the City Manager or his designee as substantially similar to any of the above.

What is the fee for a fence permit? There is no fee.

How long does it take for approval? If the application is complete and accurate, Community Development Department staff can usually have the application approved within 1-2 working days.

What about fences for pools? If you are applying for a pool permit, there are specific requirements for fencing. The pool and fence permit applications and regulations may be obtained together from Community Development Department staff.
