<u>DEFINITIONS:</u>	
"OPEN BURNING":	<p>You are open burning any time you light an outdoor fire without a chimney or stack (Ohio EPA)</p> <p>* Note: Besides cooking, ceremonial and recreational uses, open burning is also allowed during cold weather for the warmth of outdoor workers.</p>
"WASTE DISPOSAL":	Open burning being conducted for the disposal of waste materials. Examples of waste materials include: garbage, food waste, plant material such as trimmings, branches, stumps, brush, weeds, grass, shrubbery, yard trimmings and crop residues, and any other waste produced during residential activities at one-two-three properties (City Ordinance).
"CLEAN WOOD or equivalent":	Clean seasoned firewood, natural gas or equivalent, or any clean burning fuel with emissions that are equivalent or lower than those created from the burning of seasoned firewood (City Ordinance).
"MEANS OF EXTINGUISHMENT":	Fire extinguisher or other approved (by you) on-site extinguishment equipment/means such as dirt, sand, water barrel/bucket, garden hose or water truck that are immediately available for use (2011 OFC).
"PATIO APPLIANCE":	<p>Include any devices designed to burn wood and have a total fuel area of three feet in diameter and two feet or less in height for pleasure, cooking, warmth or similar purposes. Patio appliances may be portable or stationery and include outdoor fireplaces. An outdoor solid-fuel-burning fireplace may be constructed of steel, concrete, clay or other noncombustible material. An outdoor fireplace may be open in design or may be equipped with a small hearth opening and a short chimney. Patio appliances incorporating a screen encompassing all open areas of the burn chamber and are designed to prevent ignition through conduction through its base may be placed on a combustible desk but must still be 15 feet from the structure (2011 OFC & City Ordinance)</p>
"OBJECTIONABLE or OFFENSIVE SMOKE":	Open burning that is offensive or objectionable because of smoke/odor emissions or when atmospheric or local circumstances make such fires hazardous. Smoke cannot obscure visibility of roadways, railroad tracks or air fields (2011 OFS & Ohio EPA).
"LOCAL CIRCUMSTANCES":	These include circumstances where open burning is officially prohibited due to dry/drought conditions, air pollution warnings, etc (Ohio EPA).
