City of Sidney

Urban Forestry

Tree Board

It is the responsibility of the Board to study, investigate, counsel, develop and update annually and administer a written plan for the care, preservation, pruning, planting, replanting, removal or disposition of trees and shrubs in along streets and in other public areas.

Mission Statement

The mission of Sidney's Urban Forestry Program is to provide the mechanism to manage its municipal forest in a structured and effective manner. Provide to the taxpayers and local agencies innovative, effective leadership and services aimed at preserving and improving the health and natural beauty of the trees and shrubs within the boundaries of the City of Sidney.

The definition and successful execution of this program will provide a defensible basis for its annual budget and requested grant support and will provide program continuity from year to year regardless of personnel changes.

TREE CITY USA.

Tree City USA

Sidney has participated since 1988. TCUSA's goal is to improve tree

planting and tree care throughout America by providing technical assistance and direction for urban forestry programs. For more information visit www.arborday.org.

Mulch

Leaf mulch only is available at the city's compost facility, typically on several Saturday mornings in the spring and fall. A waiver must be obtained at the City Service Center, 415 S Vandemark Rd or on the web-site at www.sidneyoh.com.

The 'recipe' for successful tree planting

Permits

City ordinance 905.07 PUBLIC TREE CARE PERMIT requires a permit for property owners that intend to plant, prune, maintain or remove a street tree or City tree. There is no fee for the application process. Permit application forms are available at the Service Center 415 S. Vandemark Road or on the city's web page www.sidneyoh.com

Tree Ordinance

"Street trees" means trees, shrubs, bushes and all other woody vegetation on land lying within a city right-of-way, typically between the street curb and sidewalk. The Ordinance contains information regarding:

Correct Planting - Penalties
Tree Board - Arbor Day - Tree Care
Tree Topping - Tree Removal
Tree Species - Tree Care - Permits
Tree Damage - City Maintenance
Diseased Trees - Prohibited Trees

Asian Longhorned Beetle

This beetle attacks many species of hardwood trees including all maples, buckeye, horsechestnut, elm, poplar, sycamore and others. In June 2011, an infestation was found in Clermont County, Ohio. For further information about Asian Longhorned Beetle, call the City Arborist at 937-498-8159 or visit www.beetlebusters.info

Emerald Ash Borer

It is illegal to move ash trees, parts of ash trees and hardwood firewood across the state line due to a USDA quarantine. For further information about Emerald Ash Borer call the City Arborist at 937-498-8159 or visit www.emeraldashborer.info.
